## February 15, 2026 11:00 am-12:00 pm

**Call to order** 11:00 am

**Treasurer's Report/2026 Budget Presentation:** Patti Mitchell presented the new budget to the congregation with power point and printed spread sheet. Questions were answered. The budget was put to a vote and passed.

**Summary of Visioning Assessment by Lisa Rousey:** Lisa Bogart and Diane Suffridge presented a summary of the Visioning Assessment with power point and printed narrative. Questions were answered.

**Congregational Updates:** Rev Jess Shine shared the following comments regarding the status of our congregation.

This congregation is in a Transitional Time, in regards to age, health, politically, socially, economically, and emotionally. My pastoral question is: can transition be transformational?

TRANSFORMATIONAL MINISTRY is the season of reflecting on questions such as:

What are the values, what is the future, what is the mission of this church?

How do we find alignment with:

*Who do you want to be?*

*Who do you want be in community?*

*Who do you want to invite into your community?*

My invitation to you is to lean in and ask "*how can I help?*" Help in healing, repair, and education, and collaboration rather than chaos or division. I invite you to stay engaged and connected with each other, as we hold individual and collective responsibility for the movement. Join me in reading, praying, discerning, listening, and being present.
